## KTEC Welding Helping Area Elementary Schools

The KTEC Welding class has begun construction on Buddy Benches for two area elementary schools. Borah Elementary in Coeur d'Alene and Betty Kiefer Elementary in Rathdrum. A Buddy Bench is somewhere students who are looking for a friend can go and sit, which tells others they are in need of someone to play with.

## Resort Academy

It has become a tradition for the Resort Academy program to pass out candles to spectators during the downtown lighting ceremony held each year the day after thanksgiving. Students help the community get into the holiday spirit, while selling hot cocoa and cookies graciously donated but Coeur d'Alene Resort. This year we raised raised \$800. This money will help pay for students to compete in hospitality events held in Boise ID and Anaheim CA, as well as local industry tours.

They also had the opportunity to take a 3 day industry tour to Seattle. They toured and interviewed professionals from all types of accommodations. Attended a college tour of Art Institute of Seattle for their culinary program, went to Bainbridge Island, and spent time in Pikes Market.
